

SM 700
Thermal Fogger

TECHNICAL SPECIFICATIONS

Engine	: 42.1 Kw (57.3 hp)
Formulation Tank Capacity	: 60 Lt. (Stainless Steel)
Fuel Tank Capacity	: 10 Lt. (Stainless Steel, 2 Hours working capacity, with one time filling)
Fuel Consumption	: 4 Lt. / H.
Tank Pressure	: 0,30 Bar
Battery	: 12V 60A.
Formulation Consumption	: Oil Based ; Average 60 Lt / H., Max. 100 Lt. / H. Water Based ; 40 Lt. / H.
Weight	: 60 Kg.
Dimensions	: 227 cm. x 65 cm. x 63 cm. (L x W x H)
Remote Control	: Automatic electrical start from remote control. (Power On/Off, Start, Fogging On/Off)
Metarials	: Stainless steel formulation tank, fuel tank, fog tube and covers.

Vehicle Mounted White Fog thermal fogging machine "SM 700" are especially designed from best quality materials, to be mounted on vehicles and feature a remote control system for effective outdoor and indoor treatments. These units can be operated perfectly from the inside of the driver cabin. They include an 12v Dc electric start system for reasonable operation of start/stop and fogging. The most effective and economical treatments of their kind (Thermal Foggers) in large areas and spaces, kill all the flying and crawling insects.

Where to Use?

Fogging in agricultural and rural areas (cotes, barns, poultry houses); plant protection in greenhouses and plantations, additionally functions as an anti freezer in green houses.
